ABOUT ME

I am a result-driven and highly motivated software developer with experience in web application development, including frontend and backend. An avid problem solver, interested in projects that challenge my skills and force me to step out of my comfort zone.

SKILLS

Frontend

- ReactJs | NextJs |
Material UI | Chakra UI

Backend

- NodeJs | Express

Other programming languages

- Java | C# | Kotlin |
Javascript | C | Typescript

Databases

- PostgreSQL | SQL server |
MongoDB

LANGUAGES

- PORTUGUESE – C2
- ENGLISH – C1

EDUCATION

ISEL – Instituto Superior de Engenharia de Lisboa

Bachelor's degree in Computer Science and Software engineering

PROJECTS

Surf Club Management Application March 2022 – July 2022

[Live demo](#) | [Portfolio page](#)
